This cover letter will be kept on file and will be used to send off to contractor's who may call looking for workers. We can't anticipate who they will be that is why we are leaving it a general/generic cover letter with no company name or address.

**please do not address any of these cover letters to BCAMTA

**In your cover letters introduce who you are, talk about your skills, qualifications and experience and why you would be a good fit for the company.
